

## RETINOL RENEWAL

Treat your skin to the first topical formula created with patented retinol technology. **NOEVA® Matrix AR** from **Procyte** safely and effectively reduces photo damage, the appearance of fine lines, wrinkles and acne without irritation, and studies have shown that the product delivers numerous benefits to the appearance of skin, says the company. Key ingredients are retinoate, butylene glycol and glycerin. [www.procyte.com](http://www.procyte.com)

## PIGMENT PROTECTION

Shield your skin from the sun with a product that blocks the development of sun spots from the inside out.

**Lumiperfection Photo-Correcting Cream and Harmonizing Serum** from **France Laure** blocks the production of the melanin responsible for the appearance of brown spots and reduces the color and size of already existing pigments, says the company. [www.francelaure.com](http://www.francelaure.com)

## YOUTHFUL RADIANCE

Hydrate your skin with a moisturizer that goes beyond the call of duty. The new **Hyalis Refining Serum** from **Neocutis** delivers intensive hydrating action to leave skin supple and smooth while also plumping it to help minimize the signs of aging, says the company. It is designed to suit all skin types and to soothe and hydrate stressed and irritated skin after dermatological procedures. [www.neocutis.com](http://www.neocutis.com)

## LIP NOURISHMENT

Get naturally soft and supple lips with the new **C-Quence Lip Balm** from **Environ®**. The hydrating lip balm soothes dry, chapped lips and encourages collagen production while controlling pigmentation, says the company. It contains UVA and UVB filters to protect lips from premature aging, UV damage and windburn. [www.dermaconcepts.com](http://www.dermaconcepts.com)

## FOAMING TEA

Try a luxurious new foaming cleanser with anti-aging botanical extracts. The **African Red Tea Foaming Cleanser** from **Ole Henriksen®** is a soothing, hydrating formula that will bring clarity and luminosity to the skin and slow the aging process through its antioxidant strength, says the company. Main effective ingredients include antioxidant-rich African red tea and Ester-C®. [www.olehenricksen.com](http://www.olehenricksen.com)
